

Lakshadweep NEET UG Seat Matrix 2025

MBBS, BDS & AYUSH Central Pool Seats for Lakshadweep-Domicile Candidates

IMPORTANT: Lakshadweep has no medical, dental, or AYUSH college of its own. There is no local college-wise "seat matrix" in the usual sense. Instead, a small, fixed number of Central Pool seats are reserved every year for NEET-qualified Lakshadweep-domicile candidates in government colleges in other states (mainly Kerala, plus Maharashtra and Chhattisgarh). These seats are allocated by the Ministry of Health & Family Welfare and administered directly by the UT's Department of Education — not through the regular MCC AIQ / state-quota process.

Notes

- Lakshadweep is the only Indian UT/state with zero medical, dental, or AYUSH colleges of its own; all NEET-qualified local candidates depend entirely on Central Pool seats reserved in other states.
- The college-wise seat numbers above (7 MBBS, 2 BDS, 3 BAMS, 3 BHMS = 15 seats total) reflect the most recent confirmed official college-wise breakdown published by the Department of Education, Lakshadweep. This exact split can be revised year to year by the Ministry of Health & Family Welfare depending on seat availability at partner colleges, so the specific institutions/seat counts for the 2025-26 cycle should be verified against the current year's notice before relying on them.
- Selection is based purely on the NEET UG All-India Rank of candidates who meet Lakshadweep's local/domicile eligibility criteria (e.g. study in Lakshadweep schools, or defined exceptions for children of UT employees/settlers).
- A separate, distinct scheme reserves a small number of MBBS seats in Kerala colleges for candidates of Kerala-origin settled in Lakshadweep — this is administered under its own list and is different from the general Lakshadweep Central Pool list above.
- There is no AIQ (15%) or state-quota split for Lakshadweep the way there is for states with their own colleges — the Central Pool seats are earmarked entirely for Lakshadweep-domicile candidates and are outside the normal MCC AIQ counselling.
- Always check the current year's official notice on lakshadweep.gov.in (Department of Education notices) for the exact, current-year college-wise allocation before choice-filling.
